

KEY TAKEAWAYS

GOALS	I see it the same way Neutral I see it differently 
1 The city should adopt a comprehensive plan to manage growth and align its policies and public investments with the community's vision.	
2 The city should nurture a downtown that reflects the city's history, provides an inviting and safe atmosphere, and serves as the primary community gathering place and entertainment and cultural destination for residents.	
3 The city should invest in community amenities for children to attract families and visitors.	
4 The city should work to provide alternative transportation options such as walking, biking, and transit.	
5 The city should be a welcoming, inclusive, safe, and affordable place to live for anyone who chooses to live here.	
6 The city should support a mix of housing options that suit the lifestyle needs of all age groups and family structures.	
7 The city should work to attract a diverse range of restaurants and retail options and foster an environment where local businesses thrive.	
8 The city should support sustainable and sound economic growth with appropriate land use regulations and infrastructure investments.	
9 The city should protect, enhance and restore habitat and natural ecosystems to levels of function that provide resilience and adaptability, prevent natural hazards, and work to ensure clean water and air.
